Dear [Partner],

SAMA and Saudi Aramco compliance requirements are putting identity security on every customer's agenda.

Join miniOrange for an exclusive partner webinar on how our integrated IAM, IGA, and PAM capabilities help you address customer compliance needs and grow your security business in the Middle East.

Here's the deal: bring us your customers and prospects, and we route the opportunity through you. You keep the customer relationship and the deal. We bring the product depth, engineering, and compliance expertise behind you.

Zero Blind Spots, Full Audit Evidence:

SAMA and Aramco

1:30 PM - 2:30 PM UAE | 12:30 PM - 1:30 PM KSA | 3:00 PM - 4:00 PM IST

4TH NOVEMBER 2026

WEDNESDAY

What you'll walk away with:

1

Map Compliance to Solutions:

See how IAM, IGA, and PAM support applicable SAMA and Aramco controls.

2

Spot Customer Gaps:

MFA, access reviews, segregation of duties, privileged account security, session monitoring, and audit evidence.

3

Unlock New Revenue:

Cross-sell and upsell across your existing base, and open doors at new accounts.

4

Stand Out from the Crowd:

Pitch one unified identity security proposition instead of disconnected point solutions.

Why miniOrange?

With 30,000+ customers globally, 800+ engineers, and regional implementation experience, miniOrange brings the product depth and engineering strength to help partners win complex identity security and compliance deals.

Your customers have compliance challenges. You can turn them into business opportunities.

Reserve your seat now: →

Let's build the next wave of IAM, IGA, and PAM opportunities together.

Best regards,* — *Team miniOrange
